

## Aviation's Gray Areas and Misconceptions

This seminar is the result of thousands of checkrides conducted by Diego M. Alfonso, in which all these gray areas and misconceptions came to light. Get your thinking straight and bring lots of questions. If I don't know the answer then we all are going to learn something. Mr. Diego Alfonso, a long time Flight Instructor, DPE, and retired FAA Inspector, will discuss many of aviation's gray areas and misconceptions.

**Directions:** SunState Aviation Flight School
